

Select Environmental Petroleum Management (SEPM)

Total Petroleum Management

As Houston's premier used oil, coolant and filter collection service, Select Environmental Petroleum Management (SEPM) helps determine how best to manage your waste streams in accordance with all necessary government regulations and current requirements for petroleum recycling.

SEPM "ACE" Process

Access: We'll perform a detailed assessment of your operations and existing stream classifications.

Create: Let us create customized, cost-effective solutions that will allow you to collect, reclaim and dispose of essential used streams.

Execute: We'll implement the solutions for you and provide the detailed legal reporting you need to comply with environmental regulations.

Benefits include:

- ✦ Peace of mind through computer-generated tracking and reporting of streams we manage
- ✦ Collection of used oil as a re-refining feedstock
- ✦ Reduced waste disposal costs through reclassifying certain streams to "recyclable" status
- ✦ Reduced collection costs by providing automatic truck routing and the right equipment to meet your on-site collection needs
- ✦ More than 75 years of combined experience
- ✦ HASC-trained drivers
- ✦ Dual-purpose trucks reduce interruptions to your business

SEPM collects and manages the following streams:

- ✦ Used oil
- ✦ Oily water
- ✦ Filters – automotive and industrial
- ✦ Used absorbents
- ✦ Used antifreeze
- ✦ Grit trap disposal (vacuum service)
- ✦ Collection: waste gas and diesel

SEPM also provides:

- ✦ Sawdust absorbent
- ✦ Absorbent pads
- ✦ Booms
- ✦ Recycled antifreeze

Select Environmental Petroleum Management (SEPM), continued

Total Petroleum Management

Markets served:

- ✦ Petrochemicals and refining
- ✦ Power generation
- ✦ General manufacturing
- ✦ Automotive
- ✦ Transportation

Certifications and plans:

- ✦ SPCC and OPA 90 oil spill contingency plans
- ✦ Coast Guard approved
- ✦ US DOT No. 229688
- ✦ RRC# 61295C
- ✦ TNRCC registration No. A-85068
- ✦ TNRCC facility No. 74-181-4730
- ✦ EPA ID No. TX D988026720
- ✦ TNRCC automotive waste collection center #C80916
